

NEARBY CONSTRUCTION ALERT

Charlotte Water & its contractor, RH Price, are nearing completion of Phase 7 of the South End Water Main (SWM) Improvement Project along South Blvd. The Remount Rd. / Ideal Way intersection will reopen once this phase is complete.

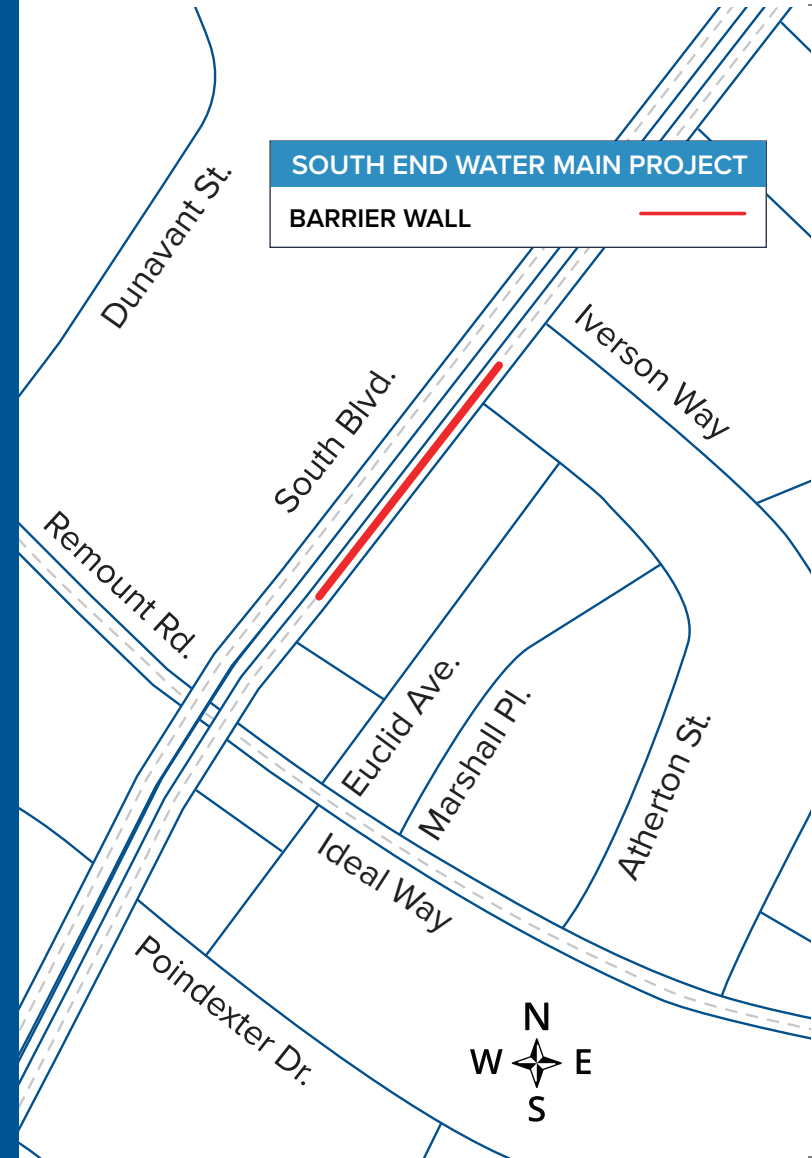

Phase 8 of the project will begin the week of January 24th. At that time, the project team will move the barrier walls just north of the Remount Rd. / Ideal Way intersection and end just north of Atherton St.

This work is expected to last approximately three months.

TRAFFIC IMPACTS

Charlotte Water requests that residents & businesses in the area observe posted traffic signage & plan commutes accordingly. Please note the following traffic impacts if traveling in the area during this time:

- 💧 South Blvd. Southbound Traffic
 - 💧 No left turns onto Atherton St.
 - 💧 Right turn allowed onto Remount Rd.
 - 💧 Left turn allowed onto Ideal Way
- 💧 South Blvd. Northbound Traffic
 - 💧 Left turn allowed onto Remount Rd.
 - 💧 Right turn allowed onto Ideal Way
 - 💧 Right turn allowed onto Atherton St.

South End Water Main (SWM) Improvement Project

To address the needs of an aging water system in the growing South End area and to ensure ongoing, reliable service for customers, Charlotte Water has partnered with Stantec (engineering) and R.H. Price (construction) on the South End Water Main (SWM) Improvement Project to replace the water main on South Blvd. between Scaleybark Rd. and Worthington Ave.
