

## UPCOMING ROADWORK

Charlotte Water and its contractor, RH Price, will begin connecting the existing water mains in Iverson Way to the new 24" water main in South Blvd. This includes connecting the 2300 block of South Blvd. to the new system.

### TRAVEL RESTRICTIONS:

No access to Camden Southline Apartments from the South Blvd. / Iverson Way intersection. (Vehicular traffic cannot cross over South Blvd.). All traffic will be detoured to the Publix Super Market driveway entrance.

#### South Blvd. Southbound Traffic:

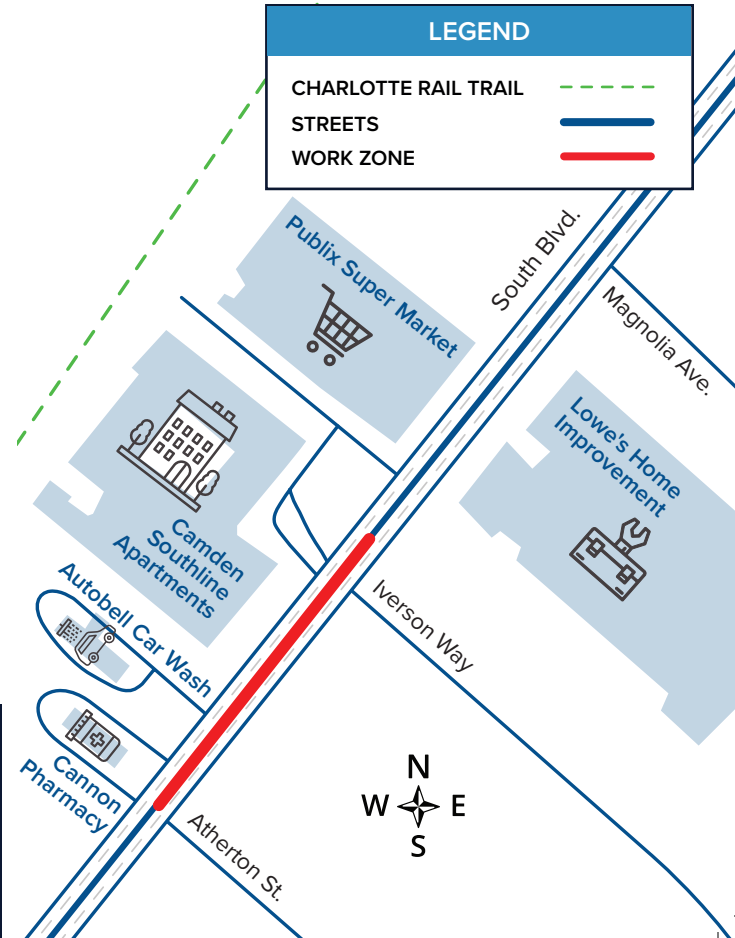

- No left turns onto Iverson Way.
- Right turn remains open into Publix Super Market driveway entrance.
- Right turn remains open into the first Camden Southline Apartments entrance.
- Right turn remains open into Autobell Car Wash.
- Right turn remains open into Cannon Pharmacy.

#### South Blvd. Northbound Traffic:

- Left turn remains open into Publix Super Market driveway entrance.
- No left turn into Camden Southline Apartments at South Blvd. / Iverson Way intersection.
- Right turn remains open onto Iverson Way.

### WHEN

This traffic pattern will take effect on June 6, 2022 and is expected to stay in place for five days. Additional information will be available on the project website [WWW.CHARLOTTESWM.COM](http://WWW.CHARLOTTESWM.COM). Residents can also sign up for text alerts by texting [SOUTHENDWATER](tel:31996) to 31996.

## SOUTH END WATER MAIN (SWM) IMPROVEMENT PROJECT

Charlotte Water is addressing the needs of an aging water system in the growing South End area to ensure ongoing, reliable service for our customers. To this end, Charlotte Water has partnered with Stantec (engineering) and RH Price (construction) to replace the water main in South Blvd. between Scaleybark Rd. and Worthington Ave. The construction work will be conducted in phases. It began at Scaleybark Rd. and is moving north along South Blvd. The newer and much larger water main will replace an existing system that was previously installed in the 1920s and 1930s. The project is expected to conclude in Fall 2022.
